- **Recognition for Outstanding Service (multiple awards – no nominations here)**
 - *To be awarded annually to top-performing faculty members in departmental service and service to the profession, as determined by the Departmental Affairs Committee during the Annual Review process.*
- Additional Ad Hoc Awards to be decided by DAC (all faculty are welcome to make nominations in this category as well)

Application process: At the end of the calendar year, when information about the annual review process is circulated, DAC will send out a request for applications for departmental faculty award nominees. Applications will be due at the same time annual evaluation packets are due. Nominations will be clearly labeled and uploaded when you upload your own annual evaluation through FIS. Nominations may be made by another department faculty member or may be self-nominations. We aim to keep these simple, so please only fill out the designated form (no attachments). All full-time history faculty are eligible for all awards. The DAC will have access to annual evaluation files, so they will have access to key supplemental information like faculty CVs, SPOTs, and FIS-posted syllabi. Note that not all awards will necessarily be given out each year.
